

This is an aid that can be used to record daily direct-market sales. **This is not a required form.** It is intended as an example of how daily sales could be recorded in a way that is acceptable for WFRP purposes during the year in order to accurately complete the Final Farm Operation Report. This version does **not** provide the information needed to allow the producer to calculate a 3-year average farm price for future use for WFRP insurance.

<u>Item</u>	<u>Required Element</u>	<u>Description</u>
1	Insured's Name	Name of insured as shown on the application
2	Date	Date the commodity was taken to market
3	Name Of Market	Name of the market where the commodity was sold.
4	Total Cash Receipts	Total cash receipts for the day from all commodities taken to the market.
5	Commodity	Name of the commodity. If there are multiple types of a commodity that have different sale prices, each commodity should be listed on a separate line,
6	Estimated Percent of Total Cash Receipts	Insured's estimate of the percent of the total revenue obtained from the commodity. Total of all percent must equal 100%.
7	Revenue Per Crop	Revenue from the commodity sold for the day (Item 6 X Item 4).
8	Total	Total amount of revenue from the sale of all commodities for the day. This amount must match the entry in item 4 above.
9	Remarks	Enter any remarks pertinent to the sale of the commodities.
